UNDERSEA

UNDerwatER Soundscape bEyond Ais

FINAL CONFERENCE

June 5th
9:30 am

Cinema Fulgor
Corso d'Augusto 162, Rimini (RN)

The UNDERSEA project addressed the issue of underwater noise pollution in the Adriatic Sea and its impact on marine organisms, particularly cetaceans. Project researchers will present the results achieved through the research and monitoring activities.

Opening speech

Municipality of Rimini, Anna Montini, and Emilia-Romagna Region, Piergiorgio Vasi
